

NOTIFICATION N° 6/2013

GOODS SENT TO GENOA FOR LOADING ON BOARD
TO BE SHIPPED TO OTHER COUNTRIES, COVERED BY TRANSIT
DOCUMENTS T1 / T2

Genoa, 5th July 2013

RE: COMPLIANCE WITH PROVISIONS THAT LAY DOWN CUSTOMS
REGULATIONS

Dear Sirs,

We wish to draw your attention to the fact that goods sent for shipping to countries outside the European Community must be covered by adequate transit documents T1 and T2.

As is known, in practice, completion of transit proceedings presupposes strict compliance with the provisions that discipline the regulations, including those related to transshipments, accidents in transit, and seal, in particular.

However, ever more frequently we receive incorrect transit documents, which complicates the customs procedures and the time required to obtain authorisation for the goods to be loaded on board ship.

In order to avoid prejudicing the loading procedure, we therefore urge you to take steps to reinstate a situation more in line with the current provisions.

Please do not hesitate to contact us for any clarification you may require in this regard.

Yours sincerely,
