

INFORMATION TO CUSTOMERS

Genoa, August 17th 2018

Subject: following our communication of the day 27.07.2018 referring to the compulsory fumigation treatment for goods shipped from Italy towards Australia to avoid the presence of Brown Marmorated Stink Bug – BMSB. DEFINITIVE REGULATIONS

Dear Customers,

We hereby inform you that, as expected, the Australian Agriculture Department has updated its website with the definitive measures to be applied, although these are subjected to possible changes in case of necessity during the period of application.

Therefore, we would like to bring your close attention to the applicable indications that are now completely summarized at the link www.agriculture.gov.au/bmsb, which will be immediately updated by the Agriculture Department if necessary.

Best regards.
